

Information for incoming students in the summer semester 2020

The summer semester 2020 will start on **20th April 2020**. Digital formats will (likely) replace face-to-face classes and lectures. The department is doing its best to offer online virtual alternatives to all planned lectures etc for the summer semester 2020.

As incoming students, you can also take part in the digital courses from your home country. **Please note, however, that the digitisation of the courses listed in your learning agreement cannot be guaranteed.**

- As a general rule, lectures are likely scheduled to be video streamed via [Zoom](#) at the times stated on [Basis](#). We recommend downloading Zoom. You can register for the courses on [E-Campus](#). After registering, you will receive an invitation to the course from the lecturer with a link address, meeting ID and password. Participation in the courses is generally possible and desirable.
- Material for lectures and other events will be available on [E-Campus](#).
- The law library is closed. To compensate for this, access to specialist databanks has been or will be extended. After installing the [VPN](#) client, you will receive access to electronic media and full text databases which are necessary for your studies. Should you experience installation problems, contact University IT (HRZ - [Hochschulrechenzentrum](#)).
- Information on special measures regarding exams as a result of the Covid-19-virus can be found under "current events" or on the pages of the [examinations office](#).
- Should there be any questions, please contact the [Erasmus team](#)!
