

**International Conference**  
**„Genome Editing under Gene Technology Law:**  
**Legal Aspects and Latest Developments”**

Kaiserin Friedrich-Haus, Robert-Koch-Platz 7, 10115 Berlin (Mitte)

**November 6<sup>th</sup>, 2018**

|                      |                                                                                                                                                                    |
|----------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>09:00 – 09:30</b> | Registration                                                                                                                                                       |
| <b>09:30 – 09:45</b> | New Genetic Engineering in Public Discourse: Requirements and Perspectives (Prof. Dr. Beate Jessel, President of the Federal Agency for Nature Conservation, Bonn) |
| <b>09:45 – 10:00</b> | Introduction and Overview (Prof. Dr. Dr. Tade Spranger, Bonn)                                                                                                      |
| <b>10:00 – 10:40</b> | “Genome Editing: Scientific Backdrop and Potential Applications” (Prof. Dr. Bernd Müller-Röber, Potsdam)                                                           |
| <b>10:40 – 11:20</b> | “Analysis of the ECJ Decision in Case C-528/16” (Prof. Dr. Silja Vöneky, Freiburg)                                                                                 |
| <b>11:20 – 11:45</b> | <i>Coffee Break</i>                                                                                                                                                |
| <b>11:45 – 12:25</b> | “WTO Law and the International Trade in Agricultural NT Products” (Prof. Dr. Hans-Georg Dederer, Passau)                                                           |
| <b>12:25 – 13:05</b> | “Rethink Precaution – Towards a Broader and more Comprehensive Approach to Risk Governance” (Prof. Dr. Arno Scherzberg, Erfurt)                                    |
| <b>13:05 – 14:05</b> | <i>Lunch Break</i>                                                                                                                                                 |
| <b>14:05 – 14:45</b> | “The appropriate Scope of Intellectual Property Rights in the Area of Genome Editing” (Prof. Dr. Christine Godt, Oldenburg)                                        |
| <b>14:45 – 15:25</b> | “A Human Rights Framework for Genome Editing” (Prof. Dr. Ralf Müller-Terpitz, Mannheim)                                                                            |
| <b>15:25 – 15:50</b> | <i>Coffee Break</i>                                                                                                                                                |
| <b>15:50 – 16:30</b> | “NT-Derived Plants: GMOs – or something else?” (Prof. Dr. Claudia Seitz, Basel)                                                                                    |
| <b>16:30 – 17:00</b> | Final Discussion                                                                                                                                                   |
